The next big thing for small gardens

From the introducers of The Knock Out® Family of Roses, comes the next big thing for small gardens. Like The Knock Out® Family of Roses, Drift® Roses are repeat-bloomers that are tough, disease resistant, winter hardy and virtually maintenance-free.

Drift® Roses are a cross between full-size groundcover roses and miniature roses. From the former they kept toughness, disease resistance and winter hardiness. From the miniatures, they inherited their well-managed size and repeat-blooming nature.

Continuously blooming from spring to frost, they are naturally dwarf, with very attractive foliage. They are winter hardy to zone 4.

**Great as a
border!**

Continuously blooms from spring until frost

The series is composed of seven varieties — Apricot Drift,[®] Coral Drift,[®] Popcorn Drift,[®] Peach Drift,[®] Pink Drift,[®] Red Drift,[®] and Sweet Drift.[®] Drift[®] Roses have good resistance to rust, powdery mildew and black spot.

The low, spreading habit of Drift[®] Roses makes them perfect for small gardens and combination planters. They brighten up borders, fill in empty spaces, and spread delicately around your favorite established plants.

Prune back to 4" in early spring (after the last hard frost) for best performance. Regular deadheading encourages re-blooming and helps maintain a tidy appearance.

**Mix with
perennials,
annuals and
shrubs**

**Perfect
as a ground
cover**

RED DRIFT[®]

Seven great colors to choose from:

Red Drift®

Petite red flowers make a beautiful statement.

Pink Drift®

Low-growing with distinctive mounded flowers.

Apricot Drift®

Double apricot colored blooms begin flowering in spring.

Sweet Drift®

Clear pink double flowers cluster atop dark green glossy foliage.

Popcorn Drift®

Blooms start out yellow and fade to cream white, sometimes suffused with light pink.

Coral Drift®

Bright coral orange blooms cover this small mounding shrub from mid-spring to mid-fall.

Peach Drift®

One of the most floriferous dwarf shrubs.

PEACH DRIFT®

'MEISWETDOM' PP#21612, CPBRAE

Color	Pink
Flowering	Very abundant and continuous
Habit	Rounded, very bushy
Size	Less than 1½' H x Less than 2½' W
Foliage	Dark green, very glossy
Disease Resistance	Very good
Zone	4-11

SWEET DRIFT®

Clear pink double flowers seem to float in clusters atop dark green glossy foliage. Most double-flowered of all the Drift® Roses. Abundant and continuous flowering with exceptional disease resistance makes this a perfect choice for use along pathways, hillsides or at the front of a border.

APRICOT DRIFT®

Apricot Drift® exhibits a true groundcover habit. Double apricot colored flowers begin flowering in spring and display a season-long show of color. It is just as tough and disease resistant as others in the Drift® series. Best suited for small gardens or along paths and walkways.

'MEIMIRROTE' PPAF, CPBRAE

Color	Apricot
Flowering	Very abundant and continuous
Habit	Rounded, bushy
Size	Less than 1½' H x Less than 2½' W
Foliage	Dark green, glossy
Disease Resistance	Very good
Zone	4-11

'NOVAROSPOP' PPTBS

Color	Cream Yellow
Flowering	Very abundant and continuous
Habit	Rounded
Size	Less than 2' H x 2' W
Foliage	Medium green, very glossy
Disease Resistance	Very good
Zone	5-11

POPCORN DRIFT®

Popcorn Drift® is a mutation of the popular Peach Drift®. Popcorn Drift® starts out yellow and fades to cream white, sometimes suffused with light pink. When in bloom the light yellow flowers look just like buttery popcorn.

POPCORN

PEACH DRIFT®

Peach Drift® is one of the most floriferous dwarf shrubs available. Soft peach blooms cover the plant from mid spring to the first hard freeze of late fall. Peach Drift® pairs well with existing perennials in any landscape. The mature plant is approximately 1½' by 2' and exhibits strong disease resistance.

'MEIGGILI' PP#18542, CPBRAE

Color	Peach
Flowering	Very abundant and continuous
Habit	Rounded, bushy
Size	Less than 1½' H x Less than 2' W
Foliage	Semi-glossy, medium/dark green
Disease Resistance	Very good
Zone	4-11

'MEIJOCOS' PP#18874, CPBRAE

Color	Pink
Flowering	Very abundant and continuous
Habit	Low, creeping
Size	Less than 1½' H x Less than 3' W
Foliage	Semi-glossy, medium/dark green
Disease Resistance	Very good
Zone	4-11

PINK DRIFT®

Pink Drift® is low-growing with distinctive mounded flowers that reach 1½' in height with a 3' spread. Deep pink flowers with a soft faded center bloom in abundance throughout the season. This disease-resistant plant is easy to care for and easy to combine with other perennials.

RED DRIFT®

Red Drift® has the most petite flowers of all of the Drift® Roses. It is perfect for use in front of border plantings. Red Drift® makes a beautiful statement when it drapes naturally over a rock wall or edge. Mature height is less than 1½' with a wider spread. Great flower power and disease resistance.

'MEIGALPIO' PP#17877, CPBRAE

Color	Medium Red
Flowering	Very abundant and continuous
Habit	Low, creeping
Size	Less than 1½' H x Less than 2½' W
Foliage	Semi-glossy, medium/dark green
Disease Resistance	Very good
Zone	4-11

'MEIDRIFORA' PP#19148, CPBRAf

Color	Coral-orange
Flowering	Very abundant and continuous
Habit	Rounded, very bushy
Size	Less than 1½' H x Less than 2½' W
Foliage	Semi-glossy, medium/dark green
Disease Resistance	Very good
Zone	4-11

CORAL DRIFT®

Bright coral-orange blooms cover this small mounding shrub from mid spring to mid fall. Coral Drift® has vibrant flowers that catch your eye from anywhere. Mix and match with similar or contrasting colors to really wow. Fully winter hardy and disease resistant.
